Core Competencies

WSS's experienced team provides effective solutions to fit a variety of fuel, logistic, and inventory management needs for every level of government and private industry. WSS Fuels is committed to building a solid reputation of providing quality gasoline, diesel, winter diesel, alternative fuels, and DEF fluids to our clients on a national basis. Our services include:

- Bulk Fuel Delivery
- On-Site Fuel Services
- Emergency Fuel Services
- Marine Fueling
- Temporary Fuel Storage
- Fuel Polishing
- Tank Monitoring
- Electronic Fuel Management

Past Performance

WSS management has been involved as both executive management oversight and project management on numerous USEPA, USCG, and USACE environmental remediation and civil construction projects as both a prime contractor and as a subcontractor. We have over 28 years of industrial and environmental experience at the executive and project levels.

Differentiators

WSS personnel have worked extensively in highly regulated, fast paced, and operationally demanding environments delivering a laser focus on safe and efficient execution with a personal touch that is so often promised but rarely delivered. We believe that our experience in the construction and service industries allows us to take these hard-earned lessons to deliver best in class services with our network of like-minded companies.
