The Michigan Department of Labor and Economic Opportunity (LEO) has reviewed and approved your application for a Michigan Asbestos Abatement Contractors License. The License Certificate is valid for a period of one year.

The Department is requiring each licensed asbestos abatement contractor to notify the Department of any asbestos abatement project exceeding 10 linear feet or 15 square feet of friable asbestos containing material. This notification must reach the office of the Asbestos Program at least 10 days before the beginning of each project. If for any reason there are revisions or modifications to a notification, your company must notify LEO by FAX (517.284.7700), telephone, or email (asbestos@michigan.gov). If the revision is via telephone, your company must follow-up with a formal written revision.

Please be advised, your company must continue to maintain records of post-abatement air monitoring results. LEO can and may request these post asbestos abatement monitoring results periodically. Please be reminded that any additional or new employees must be accredited before they engage in any asbestos abatement activities.

To apply for renewal of this license, please submit an application no sooner than 90 days and no later than 30 days before the license expires. The Department must also be notified of any address or ownership changes. Project notifications and questions regarding your license should be directed to the Michigan Department of Labor and Economic Opportunity, MIOSHA Asbestos Program, P.O. Box 30671, Lansing, Michigan 48909, 517.284.7698.
